

Bring Your Own Device Agreement

I want my child to bring their own digital device to school for use in the classroom learning programme. I understand (please tick each statement):

- All devices brought to school are my child's responsibility and the insurance for the device is my responsibility.
- That teachers will provide a locked cupboard in which my child may place their device when not in use. If my child does not use this facility then the school holds no responsibility for any loss or damage which might occur.
- All devices must arrive at school each day fully charged and that my child may bring a charger for use during the day if required.
- Devices are only to be used under adult supervision
- Devices brought to school are for the use of my child. Any sharing is at my child's discretion.
- Teachers will encourage the use of personal digital devices whenever possible and students will be able to use them for homework activities.
- Students will use cloud based applications such as Google Apps and MyPortfolio for file management.
- Rules, including the cyber-safety policies, governing the use of any school-owned digital device will apply to student-owned devices, while they are at school, including adherence to the Copyright act.

I give permission:

- for Norrcom Ltd to check my child's device and to install the software required to connect it to Tawa Intermediate's wireless network and enclose \$25.00 to cover the cost.

I understand:

- that if during the check, Norrcom finds viruses, or other issues that make the device unsuitable for school use, then the device will be returned to you to get fixed. Once fixed, Norrcom will need to recheck the device which will cost an additional \$25.
