

# Secondary School Resource Champions

## Agenda:

Greater Christchurch Schools Network: [www.gcsn.school.nz](http://www.gcsn.school.nz)

### Introduction -

The focus of the GCSN is on creating a community of connected schools, teaching professionals and educational resources in the greater Christchurch region utilising the high speed fibre optic network infrastructure being installed.

As an ICT PD cluster of over 90 schools the GCSN team is facilitating Programmes, Projects and Professional learning which utilises the fibre connectivity.

### Objectives:

- Proactive GCSN champion in each school
- Equip champions

### Responsibilities:

As a nominated **GCSN Champion** for your school it is expected that you will:

- be the key communication channel to staff in your school
- take the opportunity and responsibility to up skill yourself in GCSN approach eg: tools, processes, frameworks, opportunities etc
- contribute collaboratively to further develop and build the GCSN
- participate effectively in the GCSN community eg website, forums, links, news items
- up skilling and encouraging your school staff
- contributing to the pool of shared resources
- attending , contributing and relaying information from GCSN Champion meetings

As the **GCSN support team**:

- provide regular and effective communication
- provide Professional development for champions
- respond to champions request to meet individual school needs
- assist with the development of strategies to meet identified needs
- technical support via GCSN including Mike Hilliard [mike.hilliard@cdc.org.nz](mailto:mike.hilliard@cdc.org.nz)
- provide collegial support for professional networking opportunities
- provide recognition of the champions' role and achievements in their school and GCSN community

### Approach to Teaching & Learning online

–network of teacher collating Resources, Courses, Discourses

– link to Derek blog – “[The Barrel](#)”

- **Resources** –eg documents, web links, graphics, etc
- **Lesson** –Instructional sequence based around a resource or group of resources
- **Course** (a sequence of lessons),
- **Discourse** – the interactive , person to person elements, including: use forums, skype calls, VC, podcast..

## GCSN Resource sharing

– see website resources, lesson format, GCSN aim of populating Online resources  
<http://www.hippocampus.org/myHippo/?user=myGCSN> eg see Kinematics –Vectors video  
–challenge every teacher to do one lesson

–Resource sharing methods can include  
eg Wikieducator [http://gcsn.nz.wikieducator.org/Greater\\_Christchurch\\_Schools\\_Network](http://gcsn.nz.wikieducator.org/Greater_Christchurch_Schools_Network) .  
(then onto Moodle, KnowledgeNET etc), show landing page  
eg Moodle –to Hub then into GCSN Moodle site – <http://moodle.3t.net.nz/>  
eg Online resource links into Teaching/ Learning section of GCSN  
<http://www.gcsn.school.nz/teaching-and-learning>
